Director, Metabolic Unit  
Strong Memorial Hospital  
Rochester, New York 14600

Dear Dr. Waterhouse:

Many thanks for the copy of the 1945 medical records on case 40-009. They are quite complete and will be valuable when studied in parallel with the recent laboratory data.

Her blood sample for chromosome studies, unfortunately, was not good, though the other drawn at the same time, was excellent.

With best regards,

Sincerely yours,

Margaret S. Littman, M.D.
